

Nuvalent Announces Pricing of Public Offering of Common Stock

CAMBRIDGE, Mass., Nov. 18, 2025 /PRNewswire/ -- Nuvalent, Inc. (Nasdaq: NUVL), a clinical-stage biopharmaceutical company focused on creating *precisely* targeted therapies for clinically proven kinase targets in cancer, today announced the pricing of an underwritten public offering of shares of Class A common stock at a price to the public of \$101.00 per share. Nuvalent is selling 4,950,496 shares in the offering. The gross proceeds to Nuvalent from the offering, before deducting underwriting discounts and commissions and other offering expenses, are expected to be approximately \$500.0 million. The offering is expected to close on November 20, 2025, subject to the satisfaction of customary closing conditions.

In addition, Deerfield Healthcare Innovations Fund, L.P. and Deerfield Private Design Fund IV, L.P. (together, the "Selling Stockholders") have granted the underwriters a 30-day option to purchase from the Selling Stockholders up to an additional 742,574 shares of Class A common stock at the public offering price less underwriting discounts and commissions. Nuvalent will not receive any proceeds from the sale of any shares by the Selling Stockholders.

J.P. Morgan, Jefferies, TD Cowen and Cantor are acting as joint book-running managers for the offering.

The shares are being offered by Nuvalent pursuant to an automatically effective shelf registration statement that was filed with the Securities and Exchange Commission ("SEC") on March 16, 2023. The offering is being made only by means of a prospectus and prospectus supplement that form a part of the registration statement. A preliminary prospectus supplement relating to and describing the terms of the offering has been filed with the SEC and may be obtained for free by visiting the SEC's website at www.sec.gov. A final prospectus supplement relating to the offering will be filed with the SEC.
